Q. ENTRANCE REQUIREMENTS

Ideally students will need to be working in the industry with over 12 months experience as assessment tasks are focused on work based projects, or industry operations and performance evidence

Q. DELIVERY

The qualification is offered as an online learning program hosted on the RMIT University learning management system. Interactive, digitally enhance resources are supported with structured facilitator led mentoring and individual facilitator guidance. The learning resources are focused on strata management.

Q. CAREER OPPORTUNITIES

The successful student will be able to work as a strata manager in a strata community management team.

Q. RECOGNITION OF PRIOR LEARNING

The program learning resources and assessment requirements have been developed to offer students the option of fast tracking the four themes and or individual course's within each theme. Students wishing to fast track the program are expected to have been working for two or more years in the industry.

Q. INDUSTRY RECOGNITION

The Strata Community Australia (SCA) provides a nationally recognised professional accreditation program for strata managers.

As a member of SCA, each level of accreditation includes specific obligations for the member to undergo continuing professional development (CPD) to maintain their accreditation status.

Successful applicants are issued with certificates with their accreditation level and official accreditation logos for use in electronic and hard copy stationery.

The completion of the Certificate IV in Strata Community Management allows you to apply for the Level 2 – Certified Strata Community Manager (CSCM).

CSCM Requirements:

Minimum two years membership plus Completion of Certificate IV in Strata Community Management or approved equivalent, plus;

Minimum of 24 CPD points acquired through to ongoing professional development (minimum of 12 points per annum).

Q. HOW TO APPLY

Apply directly to the School of Vocational Engineering, Health and Sciences.

Contact:
Irene Coleiro
Business Development Project Manager
